

REMARKS

The above amendments and following remarks are responsive to the points raised in the July 13, 2005 Notice and the January 24, 2005 non-final Office Action. Upon entry of this Supplemental Amendment, Claim 1 will have been amended and Claims 1-7 will be pending. No new matter has been introduced. Entry and reconsideration are respectfully requested.

Claim 1 has been further amended to remove the language there from, which formed a basis upon which the Examiner objected to the drawings in the January 24, 2005 non-final Office Action. A corrected drawing sheet with the required label "Substitute Sheet" also accompanies this Substitute Amendment, which replaces the original corrected drawing sheet incorrectly labeled "Replacement Page" filed with the Amendment of April 27, 2005 in response to the January 24, 2005 non-final Office Action. The amendments to Claim 1 also correct for an obvious typographical error.

In view of the further amendment to Claim 1 and accompanied corrected drawing sheet, the objection to the drawings has now been obviated. Accordingly, the objection to the drawings is now moot and should be withdrawn.

CONCLUSION

Applicant respectfully submits that Claims 1-7 are in condition for allowance and a notice to that effect is earnestly solicited.
